Pharmacokinetic and pharmacodynamic profiles of opioid analgesics: a sameness amongst equals?
L.E. Mather (Australia) 3

CLINICAL SECTION

Review Article
Neglected factors in chronic pain treatment outcome studies – referral patterns, failure to enter treatment, and attrition
D.C. Turk and T.E. Rudy (U.S.A.) 7

Research Reports
The robustness of an empirically derived taxonomy of chronic pain patients
D.C. Turk and T.E. Rudy (U.S.A.) 27
Litigation and employment status: effects on patients with chronic pain
R.C. Tait, J.T. Chibnall and W.D. Richardson (U.S.A.) 37
Profiles of opioid analgesia in humans after intravenous bolus administration: alfentanil, fentanyl and morphine compared on experimental pain
C.R. Chapman, H.F. Hill, L. Saeger and J. Gavrin (U.S.A.) 47
Steady-state infusions of opioids in human volunteers. I. Pharmacokinetic tailoring
H.F. Hill, L. Saeger, R. Bjurstrom, G. Donaldson, C.R. Chapman and R. Jacobson (U.S.A.) 57
Steady-state infusions of opioids in human. II. Concentration–effect relationships and therapeutic margins
H.F. Hill, C.R. Chapman, L.S. Saeger, R. Bjurstrom, M.H. Walter, R.B. Schoene and M. Kippes (U.S.A.) 69
Heart rate changes as an autonomic component of the pain response
A. Möltner, R. Hölzl and F. Strian (F.R.G.) 81

Clinical Note
Decreased local toxicity with subcutaneous diamorphine (heroin): a preliminary report
E. Bruera, K. Macmillan, P. Selmser and R.N. MacDonald (Canada) 91

BASIC SECTION

Research Reports
Opiates suppress carrageenan-induced edema and hyperthermia at doses that inhibit hyperalgesia
J. Joris, A. Costello, R. Dubner and K.M. Hargreaves (U.S.A.) 95
Suppression of a hind limb flexion withdrawal reflex by microinjection of glutamate or morphine into the periaqueductal gray in the rat
E. Carstens, M. Hartung, B. Stelzer and M. Zimmermann (F.R.G.) 105
The role of descending noradrenergic systems in regulation of nociception: the effects of intrathecally administered α-adrenoceptor antagonists and clonidine
A. Tjølsen, A. Lund and K. Hole (Norway) 113
The role of conditioning and verbal expectancy in the placebo response
N.J. Voudouris, C.L. Peck and G. Coleman (Australia) 121

LETTERS TO THE EDITOR

Comments on the paper of Hampf et al. (Pain, 40 (1990) 241–248)
P. Procacci (Italy) 129
Reply to the letter by Paolo Procacci
D. Bowsher (U.K.) 130
A comment on the Schmidt/Fordyce discussion
J.W.S. Vlaeyen, A.M.J. Kole-Snijders, J.A. Schuerman, H. Van Eek and N.H. Groenman (The Netherlands) 131
A response to Schmidt et al. (Pain, 38 (1989) 137–140)
W.E. Fordyce (U.S.A.) 133

Number 2 — November 1990

Announcement from the Publisher 137

What's in a laser beam for pain therapy?
M. Devor (Israel) 139

CLINICAL SECTION

Research Reports
Intrathecal methadone: a dose–response study and comparison with intrathecal morphine 0.5 mg
L. Jacobson, C. Chabal, M.C. Brody, R.J. Ward and L. Wasse (U.S.A.) 141
Effect of pregnancy and pain on cerebrospinal fluid immunoreactive enkephalins and norepinephrine in healthy humans
J.C. Eisenach, C.E. Dobson, II, C.E. Inturrisi, D.D. Hood and P.B. Agner (U.S.A.) 149
Studies on the effects of antidepressant drugs on the antinociceptive action of morphine and on plasma morphine in rat and man
V. Ventafridda, M. Bianchi, C. Ripamonti, P. Sacerdote, F. De Conno, E. Zecca and A.E. Panerai (Italy) 155
Neuropeptide converting enzyme activities in CSF of low back pain patients
M.T. Hyyppä, H. Alaranta, K. Lahtela, F. Nykvist, M. Hurme, F. Nyberg, P. Le Grevés, T. Sakurada and L. Terenius (Finland, Sweden) 163
Low power laser biostimulation of chronic oro-facial pain. A double-blind placebo controlled cross-over study in 40 patients
H.J. Hansen and U. Thorøe (Denmark) 169
Hypalgesic efficacy of acupuncture on experimental pain in man. Comparison of laser acupuncture and needle acupuncture
A. Brockhaus and C.E. Elger (F.R.G.) 181
Memory and pain: tests of mood congruity and state dependent learning in experimentally induced and clinical pain
S.A. Pearce, S. Isherwood, D. Hrouda, P.H. Richardson, A. Erskine and J. Skinner (U.K.) 187
Dimensions of pain-related cognitive coping: cross-validation of the factor structure of the Coping Strategy Questionnaire
K. Lawson, K.A. Reesor, F.J. Keefe and J.A. Turner (Canada, U.S.A.) 195

BASIC SECTION

Research Reports
A novel behavioral model of neuropathic pain disorders produced in rats by partial sciatic nerve injury
Z. Seltzer, R. Dubner and Y. Shir (Israel, U.S.A.) 205
Pain and vascular reflexes in man elicited by prolonged noxious mechano-stimulation
W. Magerl, G. Geldner and H.O. Handwerker (F.R.G.) 219
Comparison of the effects of ureteral calculosis and occlusion on muscular sensitivity to painful stimulation in rats
M.A. Giamberardino, L. Vecchiet and D. Albe-Fessard (Italy) 227
Electrophysiologic recording and thermodynamic modeling demonstrate that helium-neon laser irradiation does not affect peripheral Aδ- or C-fiber nociceptors
D. Jarvis, M.B. MacIver and D.L. Tanelian (U.S.A., Australia) 235
Laser treatment applied to acupuncture points in lateral humeral epicondylalgia. A double-blind study
E. Haker and T. Lundeberg (Sweden) 243
On the development of a multidimensional Dutch pain assessment tool for children
H. Huijer Abu-Saad, E. Kroonen and R. Halfens (The Netherlands) 249

LETTERS TO THE EDITOR

Comments on 'A controlled study of psychotherapy and amitriptyline used individually and in combination in the treatment of chronic intractable, 'psychogenic' pain,' by I. Pilowsky and C.G. Barrow, *Pain*, 40 (1990) 3–19
R.W. Davis (U.S.A.) 257
Reply to Dr. R.W. Davis
I. Pilowsky (Australia) 258
Comment on clinical note 'Does antidromic activation of nociceptors play a role in sciatic radicular pain?' by Xavier, Farrell, McDanal and Kissin, *Pain*, 40 (1990) 77–79
J.L. Ochoa (U.S.A.) 259
Reply to Dr. Ochoa
I. Kissin (U.S.A.) 261

Number 3 — December 1990

Editorial
Neuropathic pain
P.D. Wall (U.K.) 267

Guest Editorial
The changing role of primary afferent neurones in pain
S. McMahon and M. Koltzenburg (U.K., F.R.G.) 269

CLINICAL SECTION

Research Reports
The nature of opioid responsiveness and its implications for neuropathic pain: new hypotheses derived from studies of opioid infusions
R.K. Portenoy, K.M. Foley and C.E. Inturrisi (U.S.A.) 273
Prolonged relief of neuralgia after regional anesthetic blocks. A call for further experimental and systematic clinical studies
S. Arnér, U. Lindblom, B.A. Meyerson and C. Molander (Sweden) 287
Chronic musculoskeletal pain and depressive symptoms in the general population. An analysis of the 1st National Health and Nutrition Examination Survey data
G. Magni, C. Caldieron, S. Rigatti-Luchini and H. Merskey (France, Italy, Canada) 299
Codeine plus paracetamol versus paracetamol in longer-term treatment of chronic pain due to osteoarthritis of the hip. A randomised, double-blind, multi-centre study
P. Kjærsgaard-Andersen, A. Nafei, O. Skov, F. Madsen, H.M. Andersen, K. Krøner, I. Hvass, O. Gjøderum, L. Pedersen and P.E. Branebjerg (Denmark) 309
Pain 'memories' in phantom limbs: review and clinical observations
J. Katz and R. Melzack (Canada) 319
Assessment of the components of observed chronic pain behavior: the Checklist for Interpersonal Pain Behavior (CHIP)
J.W.S. Vlaeyen, D.F.M. Pernot, A.M.J. Kole-Snijders, J.A. Schuerman, H. Van Eek and N.H. Groenman (The Netherlands) 337

Clinical Note
A brief psychotic reaction during the administration of intravenous 2-chloroprocaine for the treatment of chronic pain
J.C. Phero, W.E. Ackerman and L.R. Wulsin (U.S.A.) 349

BASIC SECTION

Research Reports
A spinal mechanism of action is involved in the antinociception produced by the capsaicin analogue NE 19550 (olvanil)
A. Dickenson, C. Hughes, A. Rueff and A. Dray (U.K.) 353
Intrathecal and epidural somatostatin in rats: can antinociception, motor effects and neurotoxicity be separated?
P. Mollenholt, C. Post, I. Paulsson and N. Rawal (Sweden) 363

Pentobarbital selectively blocks supraspinal morphine analgesia. Evidence for $GABA_A$ receptor involvement
X.-H. Ding, X.-Q. Ji and K. Tsou (People's Rep. of China) 371
A psychophysiological study in humans using phasic colonic distension as a noxious visceral stimulus
T.J. Ness, A.M. Metcalf and G.F. Gebhart (U.S.A.) 377

LETTERS TO THE EDITOR

Compensation in chronic pain patients: cause or consequence?
R.H. Dworkin (U.S.A.) 387
Abdominal pain caused by chronic pancreatitis
A.P.E. Vielvoye-Kerkmeer (The Netherlands) 389
Pain in chronic pancreatitis
J. Hilsted and H. Worning (Denmark) 390
The tail-flick test needs to be improved
K. Hole, O.-G. Berge, A. Tjølsen, P.K. Eide, I. Garcia-Cabrera, A. Lund and J.H. Rosland (Norway) 391
Response to Hole et al. on 'the tail-flick test needs to be improved'
J.H. Lee and R. McCarty (U.S.A.) 393
Autotomy
P. Procacci and M. Maresca (Italy) 394
